

The Spring Craft Show and Sale will be held on March 31 and April 1, 2012 at the WISH Centre. Set up will be after 1:00 pm on Friday, March 30. The location of the WISH Centre is 177 King Street East, Chatham.

Since the Kinsmen Auditorium closed, we have been trying to find a suitable and permanent venue. After searching and negotiating with several groups, we have been able to rent The WISH Centre for the spring show only.

The November show will be held on November 3 and 4, 2012. Because that show is larger, we have decided to hold it at the Healthplex at Thames Campus, St. Clair College in Chatham. This is a beautiful new building with two stories of natural light. Because of the specialized lighting, I don't think you will need hydro at your booth. We feel fortunate to be able to offer this venue to the vendors and the public. The Healthplex will be our permanent home after the November show.

We have put a lot of effort into these plans and hope you, the vendors, will join us at our new locations: WISH Centre in March and The Healthplex in November.
